

You can be part of a local recession proof business!

Are you looking for a great business opportunity?

A full-time income?

A change of direction?

A part-time income?

Or just some extra income?

www.Yellowtom.com is a franchise network here in the UK (USA and SPAIN now launched) that is very popular with Local advertisers and has shown growth year on year since 2003. A recession proof business that offers money saving coupons especially in current times when people want to save money. **THE GROWTH CONTINUES**

Our product is so popular that local businesses and advertisers are currently calling us and emailing us to advertise with us in territories where we have no current operational franchise. So we are offering a superb business opportunity for these enquiries to be serviced.

Our franchisees also need people who wish to work full time or on a part time basis.

These HOME BASED opportunities are as follows:

Full time Local consultants – You will be trained to work with an existing franchisee on a success reward basis. Making your own appointments to visit and demonstrate the Yellowtom product to Local businesses. **NO INVESTMENT REQUIRED**

Part time Local consultants – You will be trained to work with existing franchisees for 10 –15 hours a week on a success reward basis. Making your own appointments to visit and demonstrate the Yellowtom product to Local businesses. **NO INVESTMENT REQUIRED**

Telephone appointment makers – Making appointments with Local businesses for Local franchisees to visit. Terms to be discussed with individual franchisees = basic rate + commission bonus. **NO INVESTMENT REQUIRED**

Business 2 business canvassers – Maybe you are already calling on Local businesses and would like an extra income? You can choose whether to demonstrate the product or simply make appointments for the Local franchisee whilst delivering our business 2 business leaflets. **NO INVESTMENT REQUIRED**

All of these roles are for positive self starters working from home who enjoy talking or meeting people and have interpersonal skills to show the Local business community how they can save hundreds if not thousands of pounds by cutting all the advertising waste out of their budgets and at the same time enjoy far more wide spread exposure than they realised was available. The opportunity also exists to move up to a full Franchise position subject to the required territory being available.

Franchisees – Local entrepreneurs who are looking to run their own Local, low cost start up business with a 'walk in' web site fully prepared and ready to accept new advertisers. Prices start from £5,999 Full application forms available. (return on investment can be within 2 months, proven)

Caretaker franchisees – Entrepreneurial people who can look after a local web site and populate it with content ready for a new franchisee to purchase the web site territory. This will be done on a 50% -50% partnership basis. **NO INVESTMENT REQUIRED**

Simply telephone us or drop us an email telling us the role you may wish to fill and the area in which you live including postcode.
